EDUCATION:

Leading University, Sylhet, Bangladesh

March 2025

Bachelor of Science in Computer Science & Engineering | GPA 3.00 / 4.00

PROFESSIONAL EXPERIENCE:

AC Tech Institute, Sylhet, Bangladesh

IT Instructor

January 2025 – Present

- Deliver engaging and hands-on instruction in HTML, CSS, JavaScript and responsive web design to diverse student populations.
- Develop and maintain up-to-date curriculum and instructional materials aligned with current web development trends and industry standards.
- Mentor students through capstone projects, resulting in portfolio-ready web applications.

Darun Tech, Remote

October 2024 – Present

Part-time Web Developer

- Develop responsive and dynamic front-end interfaces using React.js and Tailwind CSS for various client projects.
- Collaborate with backend teams to integrate RESTful APIs and handle MongoDB database interactions.
- Deploy and maintain websites on hosting platforms such as Netlify and Vercel, ensuring performance and reliability.

Graffix Innovation, Remote

June 2023 – September 2024

Part-time IT Project Analyst

- Managed client projects involving graphic design, digital marketing and web application from planning to delivery.
- Coordinated effectively with developers and designers to ensure timely, high quality project outcomes aligned with client goals.
- Served as primary client contact, gathering requirements, setting expectations, and ensuring satisfaction through regular communication.

ACADEMIC PROJECTS:

- **Explore Connect**: Developed a full-stack travel booking web application with secure user authentication, online payments, and admin/client dashboards for managing trips across Bangladesh
- **JobNest**: Designed a cross-platform mobile app enabling users to search, post and manage jobs with real-time updates, filters and personalized dashboards.
- **Sports Academy**: Built a full-stack web portal for class registration, featuring user accounts, admin class management and integrated payment processing.

SKILLS:

- Programming Languages: Python (Pandas, NumPy, Matplotlib, Seaborn), C/C++
- Frontend Development: HTML, CSS, JavaScript, React.js, Redux, Tailwind CSS
- Backend Development: Node.js, Express.js, Django, REST API, JWT Authentication
- Database Management: SQL (Querying and manipulating data), MongoDB, Mongoose
- Data Visualization & BI Tools: Power BI, Tableau
- Development Tools & IDEs: Jupyter Notebook, Google Colab, VS Code, PyCharm, Postman (API Testing)
- Version Control & Collaboration: Git, GitHub
- Productivity Software: MS Office Suite (Word, Excel, PowerPoint, Outlook, Project)
